RE: LPFM

Dir Sir/Madam:

I understand that an expansion of LPFM may affect my listening of a favorite radio station, KLOVE.

KLOVE is a great service to our community, there are limited alternatives to Christian Music Radio and if the LPFM expansion cutoff KLOVE in my community I would have virtually nothing to turn to on the radio to hear this format. I love the music and it is a positive, encouraging message without commercials.

If KLOVE were cut off there would be only one other alternative in our community and their reception is not very good.

I believe KLOVE serves a vital public interest in offering a format and variety that is really not available elsewhere.

Sincerely,

Winslow Yee
